PORTUGUESE BOOKWEEK

with
Jacinto Lucas Pires

Exhibition

10-20 March

**NEW TEXTUALITIES
IN PORTUGUESE LANGUAGE**

“What do we talk about when we talk about fiction?”

Storytelling as some kind of “truth lab”. To write stories not to escape oneself but, on the contrary, to plunge through our own mirrors and into the world. Writing as a way not to solve mysteries, but to make them clear; solid-clear, as things on a table.

Mini Book Fair

10-12 March
11 a.m. to 4 p.m.

Writing short-stories, novels, theatre plays, film scripts – different techniques, but the same object, and the same essential dilemma.

Conference

12 March | 3 p.m.

**PORTUGUESE WRITER
JACINTO LUCAS PIRES
ON TRUTH & FICTION**

Fiction = Truth = Images + Ideas?

The difficult balance between illusion and distance, fantasy and craftsmanship, simplicity and irony, showing and questioning.”
