**CALL FOR PROPOSALS**

**for awarding small grants to innovative socio-economic development projects and businesses in Tourism and Cultural Heritage cross-sector, generating new employment and new value dynamics in Kilifi, Kwale, Lamu, Mombasa, Taita-Taveta and Tana-River (JKP - Jumuiya ya Kaunti za Pwani)**

**QUESTIONS & ANSWERS**

Within the scope of the Go Blue Action | Component Tourism and Cultural Heritage Call for Proposals 1<sup>st</sup> and only phase, the jury received the following requests for clarification within the deadline set for clarification on the Invitation, to which it responds in the following terms:

1. "can I get an application form for go blue grants for both lots?"

**R: The application forms available for download can be used for applications either to Lot 1 or Lot 2. No more than two applications, to different lots, can be submitted by one applicant.**

2. "about bank and tax filling form, how [do] we take to the respective office please clarify"

**R: The bank account information provided by the main or lead applicant should be certified with the signature of an officer of the bank or otherwise an original bank account statement should be attached. Other applicants, partners to the lead, are not required to fill this form.**

3. "1. If one has a project to be carried out in Tana river and the rest of the 5 other counties, what percentage of the project is required to be dedicated to Tana river county for the project to receive 30,000 Euro for the project (by private company) as stipulated on the call of proposal ?
2. On the same above project if there is no required percentage, if the project gives first priority to Tana river county but still covers other counties will the project qualify to receive the 30,000 Euro? (kindly share the criteria to receive 30,000 euro fund for Tana river as stipulated in the call of proposal "The requirements to be met" )"

**R: As foreseen in article 10 of the call, applicants may submit a proposal for a maximum grant of 30.000 EUR under Lot 2 if the project is to be benefit Tana River, "with the purpose of boosting investment in this county, contributing to improve its economic and social development indicators". Hence no specific percentage of the project is required to be dedicated to Tana River in order to make it eligible for the extend threshold of 30.000 Euro, but it must contribute for the economic and social development of that county, i.e. relevant and protracted activities must be implemented in Tana River and they should provide tangible benefits for Tana River residents. By following the instructions to fill the grant application forms, sufficient information should be provided to evaluate relevance of the project for Tana River county. Applications encompassing Tana River are subject to the same evaluation criteria set forth in article 26 of the call.**
